## SKILLS

I am an "M skill" education leader who can mobilize technical and creative KSA's to ship world-class learning experiences. I have over two decades of leadership experience from medium to large enterprise organizations, inspiring teams to deliver incredible products and experiences. I normalize executive vision into telemetry that informs how organizations profitably deliver learning campaigns at a global scale with an average audience size of 1M+ Monthly Active Users (MAU).

## EXPERIENCE

## LATEST ROLE

2023 - 2025

### Education & Learning Director

Epic Games

I worked with the executive team to define and implement the company's vision to ship learning campaigns for an audience of over 1M MAU across all of the company's products.

## EDUCATION

2010 - 2016

### B.Sc., Computer Science, Real-time Interactive Simulations

DigiPen Institute of Technology

Specialized in real-time interactive simulations that enable the development of narrative systems, including specialized development of UI, AI, audio, graphics, and physics features.

1999 - 2002

### B.Sc., Technology & Industrial Arts Management

Berea College

Specialized in Kaizen and Kanban production methods that optimize workflows which enable teams to ship S-tier games at scale.
